

LEADERS

— IN PACKAGING 2021 —

Packaging Machinery

- Adhesive application
- Bag & pouch fill/seal (pre-made)
- Blisters/clamshells/skin packaging
- Bulk handling/filling equipment
- Capping
- Cartoning
- Case erect/seal
- Case/tray packing
- Coding/marketing
- Controls & machine components
- Converting Equipment
- Conveying & accumulation
- Digital printing
- Feeding/inserting/unscrambling
- Filling/capping, liquid & viscous
- Filling/capping - dry
- Flow Wrapping
- Form/fill/seal - Vertical
- Form/fill/seal - horizontal (pouches or bags)
- Inspect/vision/testing/checkweigh/x-ray
- Labeling
- Multipacking/shrink bundling/banding
- Palletizing/Depalletizing
- Robotics
- Shrink wrapping
- Strapping
- Stretch wrapping/pallet load containment
- Tamper-evident machinery
- Thermoform/fill/seal
- Tray lidding/sealing
- Vacuum packaging/MAP
- Weighing/combination scales
- Wrapping

Packaging Materials

- Additives, coatings & inks
- Adhesives/tape
- Blisters/clamshells/thermoforming materials
- Cartons and boxes
- Closures
- Containers
- Flexible packaging
- Labels
- Multipacks/handles/carriers
- Plastics/Resins
- Protective/transport packaging
- Retail display packaging
- Reusable transport packaging (bins, crates, pallets, etc.)

Business Drivers

- Contract packaging
- E-Commerce
- Package design
- Packaging line integration
- Software
- Sustainability
